<p>A small very old red brick building with everything original except window sash (now 2/2) and door. Three storeys of 2 bays@ - common bond with header row every 6th course. Roof starts upward away from street. A building once ajoined this to the south (marks still on wall.) Back of building are two windows and a loading door on 2nd and 3rd storeys, thus building probably used for trade/shop etc. Due to age and scale (and proximity with No. 118) and possibility of City Gate, 110 should be preserved.
